Dear Boyd:

Subject: Contract [Redacted] PAR 233 - Zoom (6X to 60X) Projection Lens

Message 7878, dated 25 July 1966, authorized termination of the subject PAR.

The work statement for the PAR contained the requirement for a final report.

It is proposed that reports on PAR 233 contained in Quarterly Reports (Nos. 2, 3 and 4) for FY-66 for Contract [Redacted] be accepted in lieu of a final report and that the authorized cost of the contract be decreased as follows due to the decreased scope resulting from the termination of the PAR:

Estimated Cost
